

**Room Rates**

NCA has negotiated special rates starting at \$317 per night for single/double rooms for conference attendees. This price includes all taxes, service charges and club fees (business and fitness center access, high speed internet). Upgraded rooms are also available. All rooms are available on a first-come, first-served basis until the National Club Association Room block is filled. So you may extend your stay, National Club Association room rates will be offered three days prior to and three days after the conclusion of the National Club Conference, based on availability.

**Clear Inclusive Room Rate**

NCA acknowledges that it is common industry practice to levy additional charges to advertised base room rates, including state and local taxes, daily service charges, and Club fees. In the interest of transparency, and for ease of budgeting, the National Club Association has computed the actual cost per night stay at Ocean Reef Club:

Room Type	Base Room Rate	Taxes, Service Charges and Club Fees	Actual Cost Per Night
Deluxe Inn Room	\$259.00	\$58.13	\$317.13
Premium Water View Inn Room	\$279.00	\$60.63	\$339.63
